

Workplace Fire Safety

Training course objectives:

The aim of this on-line course is to ensure that ALL employees are familiar with fire precautions in the workplace, are aware of the correct guidelines to take during an emergency and are provided with guidance on fire safety.

Our On-line course will provide you with:

- A greater awareness of fire safety
- An understanding of the causes of fire
- Information about extinguishers, their use and limitations
- The information to know exactly what to do in the event of a fire
- Information to be compliant with Fire Safety Regulations

A screenshot of a web browser displaying the "WORK PLACE FIRE SAFETY" online course. The browser window title is "http://eims.praxis42.com - Course - Microsoft Internet Explorer". The course interface has a dark blue header with the title "WORK PLACE FIRE SAFETY" in white and yellow. On the right side of the header are three circular icons: a list icon labeled "Contents", a magnifying glass icon labeled "Index", and a question mark icon labeled "Help". Below the header is a "Contents" section with a list of six chapters, each in a red button with a colored circle to its left: "1. Introduction" (green), "2. Fire" (black), "3. Fire action" (green), "4. Evacuation" (black), "5. Fire fighting equipment" (black), and "Self-Assessment" (black). To the right of the list is a "Chapter Preview" box with a speech bubble pointing to a firefighter illustration. The preview text reads: "Understanding how people react during fire incidents, what to do if you discover a fire or hear a fire alarm. The importance of shutdown and disability procedures." At the bottom of the interface is a dark blue footer with an "Exit" button (a red circle with a white 'X') on the left, an "info" button (a red rectangle with white text) in the middle, and a white text box on the right containing the instruction "Use the mouse to select a chapter" in green. The browser's taskbar at the bottom shows various open applications and the system clock at 11:51.
